Subject: ATSDR MRL Workgroup Review of RDX

Greetings everyone,

The RDX (Update) draft for public comment was released in November 2010 in which an acute oral MRL and an intermediate oral MRL were derived.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Please review the attached supporting documents and let me know your comments and/or your votes on these proposed MRLs by August 3rd, 2011.

Due to a tight deadline and that workgroup members are taking leave during summer, we are doing a paper review to allow for maximal participation.

Looking forward to hearing from you,

Selene
